TRIPLE A CONSULTANCY OUR COMPANY

COMPANY OVERVIEW

Triple A Consultancy is an Integrated Business Solutions provider. Currently we have three core business service segments, Business Consulting, Solutions and Training. We are targeting to provide our business services for wide ranges of business areas and sectors such as Business Sector, Industrial Sector, Healthcare Sector, and Governmental Sector in Egypt and we plan to target Middle East. We continued aggressively to expand our business through our staff and workforce through professional business, management and technical skills.

WHY TRIPLE A CONSULTANCY?

Our expertise with hands-on and experience in business domain enables us to better understanding of our customer requirements and needs:

- We are experienced professionals who have delivered results over the years.
- We achieve for you the ideal combination of theory and practice.
- We are totally customer-oriented and work by setting clear goals.
- We work through teams (internally and externally) and get involved practically in implementation.

At Triple A Consultancy, we are dedicated to see our customer success. Our primary goal is our customer satisfaction. We work hard to deliver results in a timely and cost effective manner with the required quality.

One of the strongest areas that leverage Triple A Consultancy is the ability to customize solutions to our customers, Also we support the implementations to ensure that the solutions are properly integrated into the customers' organizations. Through the diversified portfolio of services and across the variety of business knowledge, we manage to deliver excellent value to our customers. We believe becoming partners in success with our clients. Finally, Triple A Consultancy fulfills its corporate and social responsibility.

Vision, Mission & Values

OUR VALUES

Our Integrated Business Solutions are **AGILE**. They react speedily to the changes of our customers' needs.

Our Integrated Business Solutions are **ADAPTABLE** over time as market structures and strategies evolve.

Our Integrated Business Solutions are **ALIGNED** with the interests of our customers.

3-VALUES

Agile | Adaptable | Aligned

VISION

"Triple-A Consultancy will dedicate to **Agility** with its customers visions; **Adapting** to their challenges; and **Aligning** with their dreams."

MISSION

"Assist and support clients and customers inside Egypt and across the Middle East to build more brightening futures by providing them with integrated business solutions that are supported by *consulting, solutions and training.*"

Other Values

- Quality and customer satisfaction
- Ethical business practices
- Knowledge transfer
- Entrepreneurial spirit
- Employee ownership

OUR APPROACH

Our success in achieving customers' objectives, results partly from the approach we follow.

We carry out the following methodology:

1. Visit customer premises to understand strength, weakness, opportunities & threats.
2. Design the consultancy, solution and training structure with you.
3. "Sell" the solution to your staff.
4. Follow up the implementation of the solution with you if needed.
5. Monitor and follow up the results with you.

SOLUTIONS

Triple A consultancy understand the growing demand of professional and corporate communities.

Triple A Consultancy provide solutions for a variety of business areas:

1. Business development solutions:

The degree of application of the business development model will depend on the lifecycle stage of your business, the size of your business, the type of business and your desire to proceed through the process. Always remember, that the higher the degree of application the higher the chance of business success and the lower the risk of business failure.

2. Industrial and automation solutions:

- Process improvement.
- Automation and automatic control solutions.
- Waste management models and solutions.
- OTHERS.

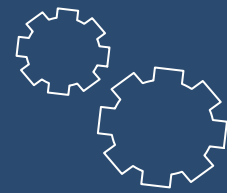

3. Supply Chain Solutions.

4. RFID Solutions.

5. Environment & Climate Change Solutions.

6. Go-Green Solutions.

7. Security Solutions.

Integrated solutions

for your business needs
